MKB ELEVATE

Where founders from everywhere *meet, learn and rise.*

Founder evenings, speaker nights and masterclasses for entrepreneurs building in the UAE, hosted in Dubai by MKB.

ABOUT MKB ELEVATE

A community built for *people who build.*

MKB Elevate is the events and community hub of MKB Business Management Services. Every week our Corporate team helps people start companies in the UAE. Elevate is where those founders, and the people who can help them grow, meet in the same room.

WHO IT'S FOR

Future founders

People planning their first business who want clear, honest advice before they start.

Young founders

Established owners

Business owners and visiting entrepreneurs meeting peers from other markets.

Partners & experts

Banks, advisors, investors and service providers who want to meet founders in person.

WHAT WE HOST

Four ways to *grow with us.*

03

Masterclasses

Practical sessions on UAE setup, visas, VAT and corporate tax, sales and branding.

04

Success stories

Client journeys from setup to scale, told through showcases, video and written features.
